Q.1 Read the text, then answer the questions below. **12 points**

What Makes Your House a Home?

The words 'home' and 'house' don't mean the same in English. A home is a place where someone lives and feels **comfortable**, which could be a house, a flat or even a boat! But a house is always a building. A **modern** house in towns and cities is a building with four walls and a roof above it, usually in a street with lots of other houses around it. In most houses there are rooms for different activities. So people can eat in the kitchen, sleep in the bedrooms, wash in the bathroom and relax in the living room.

My favourite room is my bedroom. It has all my stuff in it and I love it. My dad loves reading in the comfortable armchair in the living room. My younger brother spends a lot of time in the **big** garden - he loves playing there with his friends! My older sister is away at university, so her bedroom is the room for ironing. And my mum can cook really well, so she's usually in the kitchen.

When I'm away from home, I sometimes feel homesick. Of course, I miss all my games, my books and my photographs, but I also miss family routines. Our house is **noisy** in the morning before work and school, when it is **full** of people. Then, when I get back in the evening, there is the **fantastic** smell of my mum's cooking. So my house is also my home. It is a **special** place for me to live. Every summer, when it's not dark in the evenings, all the neighbours talk together in the street. I have good neighbours. They are always friendly but respect other people's privacy. They offer help when it is needed and always participate in neighbourhood events. That all helps to make it the **perfect** home for me.
